

Golf Event Planning Guide

We are most pleased that you are considering Spring Meadow Golf Course as a future site for your golf event. You will find that we offer a challenging, picturesque layout, well stocked pro shop, beverage and food programs and one of the most professional staffs in the business. We invite you to take a look at this planning guide to get a detailed overview of the many options available to you and why so many others consider Spring Meadow their primary golf event destination.

Our History and Layout

Spring Meadow is typical of many of the fine mature courses in the Northeast. Built in 1928, it quickly became a favorite stop for golfers of all skill levels on the Jersey Shore. After being privately owned for over 50 years, The State of New Jersey purchased it in the mid 1970s and has owned it ever since. In 2011, Atlantic Golf Management, one of the premier golf course management companies in New Jersey, signed a long term lease to run the entire golf facility.

The course has a challenging layout that offers golfers at all skill levels a guaranteed good time. It provides the perfect balance of great golf and relaxation. There are no public roads or homes on the grounds, just the very best that nature has to offer.

Our Staff

From the initial steps you take from our parking lot, you will be greeted by our warm and professional staff. Everyone at Spring Meadow takes great pride in exceeding the expectations of our guests. FAQs

So what else do you need to know? Well here are a few other typical questions you may be curious about.

Are outings only offered on Mondays?

Not at all. We will gladly offer your event on any day of the week, subject to availability. Weekends are more challenging but not impossible under certain conditions. Just let us know your options and we'll try to accommodate you.

We don't have all that much experience in running an outing. Can you help us with initial planning?

Absolutely. Want us to attend your committee meeting to get you off to the right start? Want to learn how to increase participation or sponsors? Feel free to reach out to us and we can offer suggestions that will help you succeed. We've been doing this a long time.

Do you require that golfers have a handicap?

No, but that is entirely up to you. In some cases, event coordinators require that golfers have a USGA handicap index. In these cases, we can help you verify handicaps. Typically, however, this is not the case. Golf events are really meant to provide golfers with an environment for their enjoyment and to support a good cause. That's why we feel Spring Meadow offers the perfect combination. Our course provides a challenge for the best golfers, yet still allows inexperienced players a chance to navigate their way around the course with the least amount of difficulty.

Can we come to your course for a site visit?

We insist. We want to show you the many amenities you and your group can benefit from. Just let us know when you want to visit.

What if it rains?

Once you choose your event date, we will ask you for a rain date in the event of inclement weather. No worries.
